# About US

Welcome to the mystical world of Tabernis, where ancient melodies and dark atmospheres converge. We are an enigmatic duo of beekeepers who transform the art of beekeeping into a unique musical experience. Our passion for history and music has led us to create a captivating blend of medieval sounds and ethereal harmonies.

## Our story

Born from a fascination with the past and a love for mystery, Tabernis intertwines the worlds of ancient beekeeping and dark music. We delve into the depths of history to bring forth haunting melodies that resonate through time. Each piece we create is a journey, inviting you to explore the shadows of medieval life and the secrets of bees.

## Our music

Our sound is characterized by the use of traditional medieval instruments. The result is a rich and atmospheric experience that transports listeners to a bygone era. From the gentle buzzing of bees to the enchanting tones of the medieval bagpipe, our music pays homage to the enigmatic beauty of the past.
